Prints

Stephanie Wilks' images are printed as fine art prints using a giclee printer. This is a highly sophisticated printing process that uses archival pigmented inks and archival fine art papers. A higher degree of saturation is achieved with this process that not only makes the images vibrant, it produces a high quality, long lasting print.

Prints are available in two sizes (whether square or rectangular). All prints are produced in limited runs. Sizes are listed below, please contact Stephanie Wilks via email with a request for pricing.

Square Prints:

12" x 12"

6" x 6"

Rectangular Prints:

10" x 16"

5" x 8"

Professional matting and framing is available upon request.
